

**TABLE OF CONTENTS**

|          |  |    |
|----------|--|----|
| B-1.     | Basic Documents and Materials for Armopanel™   | 1  |
| B-2.     | Armopanel™ Concrete Wall System Limitations  | 5  |
| B-3.     | Group-I. Low-rise residential buildings  | 6  |
| B-3.1.   | Basement Walls   | 8  |
| B-3.2.   | Above-Grade Walls  | 16 |
| B-3.2.1. | Wall Reinforcement Tables for Above-Grade Walls  | 17 |
| B-4.     | Group-II. Low-rise residential buildings with expanded Limitations   | 21 |
| B-5.     | Group-III. Low-rise residential buildings in Seismic Zones   | 24 |
| B-5.1.   | Minimum Vertical and Horizontal reinforcement for Basement Walls of low-rise residential buildings in Seismic Zones    | 25 |
| B-5.2.   | Minimum Vertical and Horizontal reinforcement for Above-Grade Walls of low-rise residential buildings in Seismic Zones | 31 |
| B-6.     | Group-IV. Construction of Structured Concrete Walls with Armopanel™ Concrete Wall System                               | 33 |
| B-6.1.   | Basic Document and Limitation  | 33 |
| B-6.2.   | Interaction Diagrams for Structural Reinforced Armopanel™ Concrete Walls   | 36 |
| B-7.     | Foundations  | 56 |
| B-7.1.   | Footings for Low-rise Residential Buildings  | 58 |
| B-8.     | Lintels  | 61 |
| B-8.1.   | Lintels Reinforcement Tables   | 64 |
| B-8.2.   | Lintels Reinforcement Required for Concrete Walls  | 68 |
| B-9.1.   | Retaining Wall Reinforcement Tables  | 70 |
